Job Description

Company & Job Description

At Cetus Construction Ltd., we specialize in providing professional insulation services to the construction industry. As a dedicated subcontractor, we work closely with general contractors and construction teams to deliver reliable, high-quality insulation solutions for both residential and commercial projects. We utilize the latest techniques and materials to ensure optimal thermal performance and energy efficiency tailored to the unique demands of each project we support.

As a newly established company, we are building our reputation on a foundation of professionalism, attention to detail, and a genuine commitment to customer satisfaction and environmental sustainability. We believe that every project — regardless of scale or complexity — deserves a focused and skilled approach, and we take pride in delivering exactly that on every job site.

At Cetus Construction Ltd., we invest in continuous training and development for our team to stay ahead of industry advancements and maintain the highest standards of safety and quality. We are excited to grow alongside our clients and partners, contributing to a greener, more energy-efficient future through teamwork, dedication, and innovation.

Key Responsibilities

- Assist insulation installers by preparing materials, tools, and work areas on residential and commercial construction sites.
- Load, unload, and transport insulation materials, tools, and equipment to and from job sites.
- Set up work areas by laying protective coverings, securing work zones, and clearing obstacles prior to insulation work.
- Assist in preparing surfaces for insulation work by sweeping, clearing debris, and performing basic site cleanup.
- Support insulation installers by holding materials, positioning insulation components under direction, and supplying tools as needed.
- Assist with the setup and takedown of ladders, scaffolding, temporary platforms, and insulation equipment under supervision.
- Assist with spray foam operations by preparing equipment, managing ventilation, and performing cleanup after application (no independent spraying).
- Remove insulation waste, packaging, and debris from work areas and dispose of materials according to safety and environmental guidelines.
- Perform routine cleanup of tools and equipment and report damaged or malfunctioning equipment to supervisors.
- Follow all workplace health and safety procedures and consistently wear required personal protective equipment (PPE).
- Read and follow verbal instructions and simple work specifications provided by supervisors or skilled tradespersons.
- Maintain clean, organized, and hazard-free work areas throughout the workday.
- Assist skilled tradespersons and team members in completing tasks efficiently and safely as directed.
- Perform other general construction labour duties as required on site.

Qualifications & Skills

- Previous experience in construction or a related field is preferred.
- Basic knowledge of construction tools and equipment.
- Ability to understand and follow safety regulations.
- Physical stamina and strength to perform manual labour tasks.
- Strong communication and teamwork skills.
- Attention to detail and ability to follow instructions.

Job Location

Vancouver, BC

Terms of Employment

Terms of contract: Full-time

Wage & Benefits

\$25.00 per hour, 40 hours per week

Vacation & Paid Time Off

How to Apply

If you think you may be a great fit with our team, please send your resume by email to cetusconstruction@outlook.com with the subject of "Insulator Helper."

Your email must include answers to the following questions. Applications with missing answers will not be considered:

1. Are you authorized to work in Canada?
2. Are you available to start as soon as possible?
3. Are you currently a student?
4. Are you willing to relocate for this position if needed?
5. Do you have experience working in this field?
6. Do you live near the job location?
7. Do you require the employer to obtain a Labour Market Impact Assessment (LMIA) to work in Canada?

Only applicants who provide complete information will be considered.

To apply for this job vacancy, please send your resume along with a cover letter and a reference letter from your previous employer to the following email: cetusconstruction@outlook.com
